EXHIBITION REGULATIONS

DF Art Project Exhibition - Art Capital 2025

From 13th to 16th February, 2025

Grand Palais des Champs-Élysées à Paris

3 avenue du Général Eisenhower - 75008 Paris

Brief presentation of the exhibition:

The Salon Art Capital is one of the major art events in Paris, France. It is considered one of the most renowned art salons and brings together a wide variety of artists and contemporary artworks.

The Salon Art Capital was created in 2006 following the merger of four historic salons: the Salon des Indépendants, the Salon Comparaisons, the Salon des Artistes Français, and the Salon du Dessin et de la Peinture à l'eau. It takes place every year at the Grand Palais, an iconic and prestigious venue in Paris.

This prestigious art event provides a platform for emerging and established artists to exhibit their works and connect with a diverse audience, from art enthusiasts to collectors and industry professionals. The Salon Art Capital showcases a variety of artistic disciplines, including painting, sculpture, photography, printmaking, ceramics, and more.

Participating in this event allows artists of the Déstructuralisme Figuratif to showcase their works to the salon's audience, thereby strengthening their recognition and reputation.

Being selected to be part of this prestigious exhibition is a recognition of the quality and relevance of the Déstructuralisme Figuratif, further enhancing the credibility and legitimacy of the participating artists.

The Concept of Déstructuralisme Figuratif:

Déstructuralisme Figuratif is an artistic movement characterized by an approach that challenges traditional conventions of representation, exploring unconventional forms, compositions, and perspectives. Déstructuralisme Figuratif aims to deconstruct traditional visual forms and structures while maintaining a certain recognizable or figurative representation. This can be manifested through distortions, fragmentations, or juxtapositions of visual elements, creating tension between form and representation. This artistic approach allows for the exploration of new expressive possibilities and encourages reflection on the perception and interpretation of art.
